

Web Designing and Publishing Practical (PR2)

JAN-2025

1-Create a webpage with HTML describing your department use paragraph and list tags.

2-Open your chosen code editor and create a new HTML document.

- (a) Add three headings (<h2>, <h3>, and <h4>) with titles like "About Me," "My Hobbies," and "My Goals."
- (b) Under each heading, write a few sentences in <p> tags.
- (c) Add an unordered list under "My Hobbies" with at least three list items (e.g., "Reading," "Cooking," "Traveling").
- d) Create an ordered list under "My Goals" with at least three personal or professional goals.

3-Using HTML do the following-

- (a) Create a styled checkbox with animation on state change.
- (b) Change the styling of text selection.
- (c) Display an image overlay effect on hover.
