

Web Designing and Publishing Practical (PR2) JULY 2025

1-Create an HTML document with the following lists:

- (a) An ordered list of your top 3 favorite books.
- (b) An unordered list of your hobbies.
- (c) A definition list for some common HTML tags (like <h1>, <p>, etc.).

2-Use tables to provide layout to your HTML page describing your college infrastructure.

3-Write an HTML code to generate the following layout:

A webpage with a 2-row, 3-column grid layout displaying:

a. Top Row:

- o Column 1: "Header: Student Profile" (highlighted in bold, orange background)

- o (spans across all 3 columns)

b. Second Row (3 Columns):

- o Column 1: "Personal Details"
